Re: Espejo v. Bio Med Realty Trust and
Loughlin Personnel,
Case No. 07-Civ–1035 (CLB) (GAY)

Dear Judge Brieant:

I am the attorney for the former *Pro se* plaintiff in the above referenced case. I entered my appearance on the 28th of January 2008. I have been in contact with the attorneys for the defendants with the hope that they would not object to your granting of a stay of ten (10) days on the filing of any new pleadings until I have had an opportunity to further confer with my new client so that we can draft an amended complaint. Counsel for Loughlin Personnel takes no position in this request. Counsel for Bio Med Realty, however, believes that they would be prejudiced if the Court was to grant this request.

We believe that it would be in the best interest of the defendants if the plaintiff was to submit a properly drafted complaint setting out each claim in numbered paragraphs so that each defendant knows why they are being sued. Discovery may continue while the new complaint is drafted and submitted for the Court's approval. Again, I assert that no party will be prejudice by the granting of this request.

Respectfully submitted,

Locksley O. Wade, Esq.
Attorney for the Plaintiff
